or www.anaerobesystems.com

Application deadline is **03/17/2017**.

Only 18 spots available!

Limited to Morgan Hill public high school girls who have completed at least one semester of a high school level biology class!

Sponsored by:
Anaerobe Systems

American Association of University Women – Morgan Hill

Lauren Jenkins STEM Workshop April 7, 2017

Please inform high school girls about the upcoming hands-on STEM workshop presented by Anaerobe Systems, a leader in anaerobic microbiology, and the Morgan Hill branch of the American Association of University Women.

The workshop is open to 18 high school girls at Live Oak, Sobrato and Central High Schools who have completed at least one semester of biology. Participants in the workshop will focus on agriculture, microbiology, chemistry and the comparison of the plant and human microbiomes. This workshop is a great opportunity for a hands-on experience in many different of aspects of the science field. We will also host a STEM career panel at the end.

Applications are due by March 17th, 2017. Qualified applicants will be selected as received. Applicants will be notified within three days of receiving the application. Final confirmation with pre-workshop materials will be sent March 30th, 2017.

See attached application and flyer.

Mail applications to:

Kayte East, 15906 Concord Circle, Morgan Hill, CA 95037

Applications are also online.

www.aauw-morganhill.org/events.html or www.anaerobesystems.com

Email to: keast@anaerobesystems.com

Topics will include:

Agriculture- What's in the soil that makes plants grow?

Microbiology- What do microbes have to do with it?

Chemistry- Bio-chemical testing for soil and identification of bacteria

When: Friday, April 7th, 2017
8:00 am – 4:00 pm

Where: Anaerobe Systems
15906 Concord Circle
Morgan Hill, CA 95037

Lunch and snacks will be provided
